NOTICE OF RECEIPT
PETITION TO ADD AN OWNER AND AMEND
THE ENERGY COMMISSION DECISION for the
CONTRA COSTA POWER PLANT UNIT 8 PROJECT (00-AFC-1C)

On January 13, 2006, Mirant Delta, LLC filed a petition with the California Energy Commission requesting to modify the Contra Costa Power Plant Unit 8 Project. The 530-megawatt project was certified by the Energy Commission on May 30, 2001. Construction of the facility started late in 2001 and was suspended in February of 2002 due to financial considerations. The Contra Costa Power Plant Unit 8 Power Project was suspended with approximately 7 percent of construction completed and remains in suspension. The facility is located north of the City of Antioch, in Contra Costa County.

DESCRIPTION OF PROPOSED MODIFICATION

The modifications proposed in the petition would change the ownership of Contra Costa Power Plant Unit 8 by adding Pacific Gas and Electric Company (PG&E) as an additional owner; extend the construction milestones to reflect construction resuming in September of 2006 and the beginning of commercial operation by August of 2008; and the installation of a water treatment facility and oil/water separator for Unit 8, enhancement of the Unit 8 cooling tower blowdown treatment system, and enlargement of the Unit 8 administration building.

A public hearing for the purpose of approving or denying the amendment proposal will subsequently be held at a regularly scheduled Energy Commission business meeting.
